

What is an 8(a) Certification?

The 8(a) certification program is an **ownership diversity campaign**. The certification is aimed to assist organizations that are 51 percent owned and controlled by socially and economically disadvantaged individuals.

The 8(a) Certification's primary goal is to **help disadvantaged small businesses** go on and thrive in a competitive business environment. Receiving an 8(a) Certification will give your business **access to millions of dollars** of set-aside government spending.

At B2G, we have the **tools and know-how to help you accomplish your goals**. We're here to **expedite the 8(a) Certification** process and make it smoother every step of the way. Successfully selling to the U.S. government can be very appealing, but it is **daunting to take on alone**. Let us help you improve your business and bring it the much-needed revenue it seeks.
