

HUBZone Certification?

Every small business in America is unique and deserving of assistance. The HUBZone Empowerment Act was designed to help the companies that operate and employ people in Historically Underutilized Business Zones. Receiving a HUBZone Certification will give your business access to millions of dollars of set-aside government spending.

At GSE we have the tools and know-how to help you accomplish your goals. We're here to expedite the HUBZone Certification process and make it smoother every step of the way.
